Dry Ice
Cleaning Machine

MICRO JET

Micro Jet,

Micro Jet 3000B, which shreds block dry ice into snow, shows high performance in sensitive cleaning surfaces. It has become a new generation solution in precision cleaning. It offers a combination of lightweight and compact design and easy transportation features. It has a wheeled stand for transportation and easy mobility. It has a menu for controlling spray pressure, feed rate and other parameters. Ergonomic illuminated or non-illuminated gun options. We have a wide range of nozzle options for hard-to-reach surfaces.
