DRY ICE
Cleaning Machine

Mira Jet

Mira Jet

AT-40 Mira Jet provides a unique experience with each use. It is an intelligent dry ice cleaning machine that offers full control to the user through fine adjustments. Its optimized design results in a consistent and impact-free spray flow. With its performance that revolutionizes the dry ice cleaning sector, it enables users to clean quickly and effectively. The optimized design leads to a consistent and impact-free spray flow. Depending on the operator's preference, it transforms dry ice into particles ranging from 0,3mm to 3mm, allowing for unique applications.

.....

0,3 - 3 mm Pellet Dry Ice Particle Range

Latest Technology

It offers an intuitive screen with an LCD digital display that allows users to easily adjust their parameters and machine settings. This powerful dry ice cleaning machine also enables users to adjust and save spray parameters such as spray pressure and feed rate.

The PLC-controlled automation system provides the capability for remote monitoring and diagnosis to optimize the use of machines as needed. The online portal provides data views on machine usage and data perspectives for remote technical support.

- Smart Dry Ice Cleaning Machine
- Touch LCD Screen
- European Standards (CE)
- 0.3- 3 mm Pellet Grinding Range
- PLC Automation System
- Suitable for Food and Health Industry
- Stainless Steel Body
- Parameter Setting
- Prescription Creation
- Machine Data
- Compact Design
- Ergonomic Design
- Nozzle Drawer
- Nozzle Options
- Special Pistol Hose
- Special Pistol with/without Light
- Working Capacity up to 10 bar
- Easy Open Locking Hinge System
- Eva Coating Against Frost
- Remote Technical Support
- Special Hose Sleeve

AT- 40 Mira Jet

Dry Ice Cleaning Machine

Dimension (WxHxD) 550 x 1060 x 850 mm

Weight 80 kg

Dry Ice Capacity 18 kg

Dry Ice Consumption 0 - 2 kg/min

Air Consumption 0.5 - 3 m³/min

Pressure 4 - 10 bar
